

Outdoor Fun Store

The Outdoor Fun Store specializes in both commercial and large residential playground equipment. Individual playground items and all-inclusive playscapes can be made from either treated Southern Yellow Pine or natural California Redwood. (Redwood contains a natural pest repellent and therefore does not need to be treated.) Professional installation is available or complete play structures can be delivered free of charge within 60 miles of their Wayne, Michigan location.

For more information on the Outdoor Fun Store call 734-728-2200 or visit their Web site at www.outdoorfunstore.com.
